### FISCAL ANALYSIS

#### ASSUMPTION

Officials from the **Office of the Governor** and the **Missouri Senate** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Department of Transportation** assume if their department is not considered to be a “political subdivision” and if their department is not subject to the subpoena power of the State Board of Public Records, the proposal would have no fiscal impact on their agency.

Officials from the **Office of Administration (OA)** assume their office would be required to provide ongoing funding for board member expenses associated with the proposal. OA estimates reimbursement for seven members, to meet biannually, to be \$2,905 per year.

DESCRIPTION

This proposal creates the "State Board of Public Records" (Board). The Board is located in the Office of Administration and develops recommendations to monitor compliance of Missouri's Sunshine Law (Chapter 610, RSMo). The Board has subpoena power to view all records. The Board will also determine if a central office dealing with citizen complaints is necessary.

The Board shall be comprised of seven members to be appointed by the Governor with the advice and consent of the Senate. No more than four members may be of the same political party. Board members will not receive compensation, but will be reimbursed for necessary and actual expenses. The Board shall meet at least twice a year.

This proposal is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
